Life science companies of all sizes benefit. Here's what our members have to say:

"We have been using the BIO Business Solutions® program for many years. We are using programs for things like office supplies and lab supplies and the savings come out to about \$200k a year. That's money we've been able to invest right back into our research so BIO Business Solutions® has definitely been a great choice for us."

— Dave Lawrence, CBO, Acorda Therapeutics

"With a heavy workload and smaller staff, we really don't have time to research business solutions or shop around. With BIO Business Solutions®, the due diligence has been done and the discounts negotiated for us. We now have the same buying power as much large companies and were able to save about \$30,000 dollars this past year..."

— Karthik Ramachandran, VP & Founder, Likarda LLC

"[BIO Business Solutions®] offers a lot of value not just for the smaller companies but for the mid-cap and even the bigger companies when you think about what it brings to the table. Now I have hands that are devoted to something else rather than working on deals that the BIO Business Solutions® group has already done for us..."

— Isaac Young, Sr. Dir. of Supply Chain Ops., BioMarin Pharmaceutical
